#### Approved Projects & Proposal

- Determining the Prevalence of Clinical Symptoms of Polycystic Ovary Syndrome in Dormitory Students of Shahid Bahonar and kerman University of Medical Sciences; 2019.

- Comparative study of the effect of aromatherapy with lavender and orange blossom essential oils on pain, anxiety and restlessness of conscious patients admitted to the intensive care units of Kerman University of Medical Sciences ; 2019.
- The effect of cupping therapy on fatigue and quality of life in patients with multiple sclerosis referred to the Kerman Special Diseases Treatment Center ; 2019.
- Evaluation of the effectiveness of lavender flower on fatigue in patients with multiple sclerosis; Double-blind clinical trial;2019.
- Comparison of the effect of abdominal massage with and without salvia officinalis aroma on nausea, vomiting and constipation in patients undergoing chemotherapy referred to oncology centers of Kerman University of Medical Sciences ;2019.
- Investigation of physicochemical, organoleptic properties and fatty acid profile of sheep carcasses with reference to verse 146 of Surah An'am; 2019.
- Evaluation of the effects of mineral padzahr antibiotic on Pseudomonas aeruginosa ;2019.
- Comparison of the clinical effect of Lawsonia inermis mouthwash with 0.2% chlorhexidine gluconate mouthwash as a complementary treatment in oral lichen planus; 2019.
- Evaluation of Nigella Sativa effects of IKK (IKKA, IKKB) family genes (P50, P65, ReIB NFK in cell lines (MCF7) and (MDA-MB-468) breast cancer; 2019.
- Evaluation of antioxidant activity, acetylcholinesterase inhibitor and neuroprotection of aqueous extract of Davaie Loban in PC12 cells; 2019.
- The effect of aromatherapy with lavender essential oil on anxiety and sleep quality in patients with Covid-19;2020.
- The effect of ear acupressure on constipation and its quality of life in the elderly living in a nursing home in Kerman in 1399;2020.
- The effect of dairy donkey milk on the severity of symptoms in outpatients with Covid 19 in Kerman province;2020.
- The effect of traditional medicine treatment protocol including traditional medicine product based on Astragalus with Ferula assa-foetida capsule on improving the symptoms of outpatients with corona disease (COVID 19);2020.

- The effect of pomegranate paste and plum paste consumption in the last month of pregnancy on aggravated physiological jaundice of newborns born in Afzalipour Hospital in Kerman; 2020.
- Evaluation of the effect of leech therapy on diabetic lower limb neuropathy;2020.
- The effect of traditional medicine treatment protocol including traditional medicine product based on Astragalus with food seasoning on improving the symptoms of patients with corona disease (COVID 19) treated with conventional protocol in Kerman hospitals; 2020.
- Preparation of nano emulsion containing Nigella Sativa oil essential oil and evaluation of its antimicrobial and anti-biofilm properties on multidrug-resistant isolates (MDR) of Staphylococcus aureus and Pseudomonas aeruginosa isolated from clinical samples;2021.

## Books

Member of the Authors Team of "Textbook of Evidence Based Persian Medicine", 2017

## Patents

1. IPM.SSAA.IR 86728: Herbal remedy for mild to moderate Alzheimer's; 2014.

2. IPM.SSAA.IR 86569: Almond violet oil to treat insomnia; 2014.

## Credits

The first rank of the traditional medicine board ;2012.

Top researcher of the faculty of Traditional Medicine of Kerman medical University ; 2016.

Top researcher of the faculty of Traditional Medicine of Kerman medical University ;2019.

## Knowledge-based Products

1. Almond violet oil: Help to improve insomnia
2. Loban capsule: Help to improve symptoms of Alzheimer patients
3. Relung ZMZ syrup: Help to improve symptoms of COVID19 patients
4. Ferula Astragalus ZMZ capsule: Help to improve COVID19 symptoms
